As director of the scholarship program at the Boettcher Foundation, Tiffany Anderson oversees all recruitment, selection and programming for current Boettcher Scholars, along with our alumni development and outreach. She also serves as the foundation's primary contact for scholarship relations and oversees the scholarship grant process. Before joining the Boettcher Foundation team, Tiffany developed and directed the Leeds Scholars Program at the University of Colorado's Leeds School of Business. Prior to that, she served as the program director and senior program manager of the Presidents Leadership Class at CU Boulder for 10 years.

Tiffany is originally from a farm in Idalia—a small town on the eastern Colorado plains. For perspective, there were only 10 people in Tiffany's high school graduating class. From there, she attended the University of Colorado Boulder. Tiffany and her husband, Jason, live in Broomfield and have three energetic children, Hunter, Adelynn and Sophia. In her free time, Tiffany enjoys participating in service activities with her family, watching her son's breakdance crew and her daughter's gymnastics, or exploring some of Colorado's local breweries.
